SHARKEY DEFEATED.

ANTI-MACHINE MEN REINSTATED IN THE TWENTY-FIFTH WARD.

THE REPUBLICAN GENERAL COMMITTEE'S SPECIAL MEETING SLIMLY ATTENDED BY POLLOWERS OF THE MAN WHO TRIED TO RUN THE

MACHINE.

The Republican General Committee held a special meeting last night in its rooms in the Johnston Building, and settled the long-standing dispute in the Twenty-fifth Ward by fully reinstating the Anti-Machine voters in the ward who had been illegally expelled from their district association, and by declaring legal the district associations as they existed on January 1. This settlement of the dispute will be highly gratifying to the majority of Republican voters throughout the city, not excepting many of the machine men themselves. The decision of the committee in favor of the regular district assotations and the reinstatement of the men who had been illegally read out of their party without doubt saves one Assemblyman to the Republicans in Kings County, and may thus save to the party the United States Senator. The Anti-Machine men, it is said, would not under any circumstances have fallen into line with the men who had turned them out, but would have run an independent ticket. According to the leaders of both sides last night, however, all the Republicans in the ward will now work zealously for the success of every Republican to be voted for in the district.

As soon as the meeting had been called together by Chairman George H. Roberts, jr., the following resolutions were presented by the Committee on Organization, which had conducted two hearings on the case and failed, as it said, to find any reason why the Sharkey contingent should

Resolved, That the expulsion of the twenty-nine members of the Ward Committee of the Twenty-nifth Ward, on or about May 19, 1896, was irregular and unlawful, and that the Ward Committee is instructed to reseat the twenty-nine delegates unlawfully expelled, and grant them their full rights and privileges as members of the Ward Committee in organizing new district associations in the Sixth, Ninth, Eleventh, Thirteenth, Sixteenth, Seventeenth and Twenty-first election districts, and in recognizing the said new associations in the said districts, was irregular and unlawful, and that the said committee of the Twenty-fifth Ward be and the same is hereby instructed and for priorized and on the future the said new district associations, and that it be and it is hersby instructed and or recognize the raid old district associations in the said election districts, and to grant to them their full rights and privileges as regular district associations. As soon as the resolution had been presented,

John La Grange, one of the Sharkey men in the Twenty-fifth Ward, moved as an amendment that the eight districts be enrolled by the County Committee and that the two associations in each of the districts be marged into one. This amendment opened up a vigorous discussion, in which Mr. La Grange had no assistance whatever in his fight, while Lorin Andrews, of the Twenty-third Ward; Register of Arrears Henry A. Powell and one or two others spoke against Mr. La Grange's amendment and in favor of the report brought in by the Committee on Organization. Mr. Powell said that Mr. La Grange's proposition had already been rejected by both ides to the controversy, and he told how in the hearings the followers of Sharkey had failed to make any defence. He said that the experied members were demanding only what was just and right, and he appealed to the delegates not to forget their honesty, manhood and integrity, but to set aside all factionalism and vote to give ed members the rights to which they

When the roll was called on Mr. La Grange's When the roll was called on Mr. La Grange's motion the amendment was defeated by a vote of 62 nays to 52 ayes. The announcement of the vote was greeted with great applause. Just as the roll was about to begin on the resolution presented by the Committee on Organization, Sheriff Buttling moved that the report be adopted unanimously. The Sheriff's motion was carried, and there was another round of cheers. The machine men, with whom Mr. Sharkey is allied in his political ventures, contributed in no small degree to Sharkey's defeat by remaining away from the meating in large numbers.

meeting in large numbers.

Before the meeting closed Chairman Roberts informed the members of the committee that they were all invited to attend the reception to be given at the Union League Club to-night at 9 o'clock to Frank S. Black and Timothy L. Woodruff. Great Interest has been manifested in this reception by Republicans throughout the city, and hundreds of will accept their first opportunity to m

NEW SCHOOL TO BE READY SOON.

NO. 9 MAY BE FINISHED BEFORE THE END OF OCTOBER

In the course of the debate in the Teachers' Committee of the Board of Education recently, which resulted in the "holding up" of the appointment of Miss Bridgham as principal, and also of all the teachers in new school No. 9, the reason advanced for not appointing them was that the school would not be finished for some months, and that it was ridiculous to appoint teachers until the school was ready, or nearly ready. This decision was a great disappointment to the teachers, whose names had all been passed upon by the local committee of the school. It will be good news to them to hear that school. It will be good news to them to hear that the school may be completed long before the Teach-ers' Committee seemed to expect it. Superintendent of Construction Naughton told a Tribune reporter yesterday that he expected to have

the school ready by the middle of October. The contract called for its completion on September 14, but the work had been delayed by a strike. The Department was now at work on the school, and would have it ready soon. When told that the Teachers' Committee had "held up" the appointment of the Committee had "held up" the appointment of the teachers in the expectation that it would not be completed before the middle of November, and possibly not before December, Mr. Naughton said that the echool would be completed practically by the date he had mentioned. It was possible, however, that the moving in of furniture and other small details might hold back the school for a week or so, but this was not likely, as a good deal of the furniture had already been sent up, ready to move into the echool. In any case, the school would be complete before November 1.

School No. 113, in Evergreen-ave, between Moffett had Chauncey sts. has just been begun. This is the school which was delayed owing to the insbillity of the Mayor to approve the contracts last summer through lack of funds. The addition to school No. 196, in Putnam-ave. near Hamburg-ave, has also been begun. The contract expires on December 15, but it is likely that the work will not be completed until about January 1.

THE BOY GOES TO THE MOTHER.

MRS. SOUTHGATE GETS POSSESSION OF HER SON, HORATIO.

Judge Garretson, in the Queens County Court, in Long Island City, yesterday dismissed the writ of habens corpus applied for by Henry Southgate, son of Bishop Southgate, to recover possession of his four-year-old son. Horatio, who, he alleged, was with his wife's parents, Mr. and Mrs. Hugh Roddy, in Merrick, Long Island. This was the first step taken by Southgate, who has also a suit pending against Arthur McG. Leffingwell for alienating the affections of his wife, Ella. For this Southgate wants \$100,000 damages. This case will probably be tried at the fall term of the court.

The troubles of the Southgate family have going on for five years, in which time there have been four separations, it is alleged, on account of the cruel way in which Southgate treated his wife Southgate was the only witness put upon the stand for his side of the case, while all the members of the Roddy family were on the stand when their side of the case was reached. Southgate testified that he of the case was reached. Southgate testined that he went to the home of his mother-in-law on August 8 and took Horatio with him. He said his wife was not there, and that he left the boy at the house to be taken care of. He said that he learned that his wife went to the home of her mother on August 10, and he was of the belief that she was there with his son at the time the writ to produce the boy in court was served on August 31. This closed his case.

Mrs. Roddy was then called, and she denied that her daughter was in the house at the time, and also said that Horatio was not there. She said that her daughter and Horatio left for Connecticut two days before the writ was served. Southgate's counsel tried to prove that they were in the house, but failed in hir attempt.

Justice Garretson decided that there was no evidence to show that the boy Horatio was in the house when the papers were served, and then dismissed the case.

POLITICS IN BROOKLYN.

THACHER'S LETTER DRIVES ALL HOPE OF VICTORY FROM THE BRYANITES.

ON THE OTHER HAND, THE SOUND-MONEY MEN WILL HAVE NOTHING OF HIM, AND PROPOSE

TO NOMINATE A COMPLETE TICKET. If anything were needed to drive away the last hope of victory in the hearts of Brooklyn's Bryan-John Boyd Thacher's letter, made public yesterday morning, did the work. A more dejected and despondent set of men is not often seen than these who are professing to conduct what they call a "free-silver campaign" in Brooklyn. to impossible to extract from a single Bryanite any kind of an expression concerning Thacher's letter Bernard J. York, when asked for an opinion upon said, almost before the question was finish that he had been too busy to read the letter. This convenient reply was also given by many of the ingenuous when his opinion was demanded.

"Thacher hasn't done anything worse than Mc-Kinley did." he declared. "McKinley was a freesilver man before the Republican National Convention, and I am not sure that he is not a silver man to-day. Thacher's position is not a bit more in

Senator McNuity professed entire ignorance of any project on the part of the Bryanites to circulate Thacher's letter as a campaign document. The Senator also wished to have it understood that the Byan and Sewall Club, No. 1 and only, is responsible for nobody and has no interest in the success of referred to the refusal of the Bryan and Sewall Club to indorse Thacher at its last meeting.

It is generally believed that Thacher's letter was intended as a bid for an indorsement from the Brooklyn Sound Money Convention, to be held on Thursday. If Mr. Thacher intended his documen as a baft for the National Democrats, his scheme failed dismally. No persons in the city were more decided in their condemnation of Thacher's peculiar tactics than the Shepardites themselves. William C. Redfield, the chairman of the National Demo cratic Committee on Organization of Kings County, said, when asked about the effect of Thacher's let-er in winning friends for him among the National

"Mr. Thacher need not expect any favors from our convention. Please write that 'not' with a big 'N.' We do not care to lend our assistance to any man who can assume such a remarkable attitude as that of Mr. Thacher."

Robert H. Roy said that the letter meant that Thacher would be the worst beaten man on the entire Democratic ticket in this State, and predicted that he would be snowed under by a monster majority. Edward M. Shepard passed upon Thacher as

follows:

"Mr. Thacher's letter simply adds to the reasons
why Mr. Thacher should not be indersed by us on

Mr. Thacher says he is against the money plank in the Chicago platform, but he will vote for Bryan. Bryan says he is for the whole platform. The platform is for repudiation, and several other grave public evils which Mr. Thacher's desent of oppose in his letter to-day. Mr. Thacher's letter should secure for him the suspicion of the Buffalo party, and they should overwhelm him at the polis. In my opinion it has made his indorsement simply impossible at the convention of Thursday and added to the reasons why the National Democratic party should oppose the Hill organization with a full set of honest-money candidates for State. Congress and Assembly offices against every dishonest money candidate proposed for those places by the Buffalo party or its branches in any part of the State."

MR. BLACK'S VISIT TO-DAY. HE WILL BE ENTERTAINED BY MR. WOODRUFF

Frank S Black will make his first visit to Brooklyn to-day. In the afternoon Park Commissioner and Mrs. Black in New-York, and accompany them to his home, No. 70 Eighth-ave. Mr. Black will be entertained by Mr. and Mrs. Woodruff until they return to New-York to-morrow morning. At 6:30 o'clock the two Republican nominees will go to the Union League Club to attend a dinner in one of the private dining-rooms at the Union League, and will afterward be present at what little speechmaking there may be at the din-

what sittle speechmaking there may be at the dinner. It is expected that about two hundred and fifty members of the club will sit down at the tables. At 8:30 o'clock Messrs. Black and Woodruff will meet the members of the club personally, and at 3 o'clock the general reception will begin.

Mr. Woodruff modestly declined yesterday to comment on John Boyd Thacher's preliminary letter of acceptance. Mr. Woodruff makes no secret of the fact that he expects a big Republican landslide on Election Day, and believes that the entire Republican ticket will win by a tremendous majority.

ENROLLING FOR SOUND MONEY. OVER ONE HUNDRED NAMES RECEIVED BY THE

NATIONAL DEMOCRATIC PARTY. Over one hundred persons enrolled vesterday as members of the National Democratic party in Kings County, William C. Redfield, who has charge of the enrolment, says that every mail brings in a handful of letters from Democrats who are taking this means of making known their feelings re garding Bryan. The most conspicuous name re-ceived yesterday was that of Henry I. Hayden. United States Marshal for the Eastern District of New-York. Other names received were those of Harrington Putnam, Everett Greene, J. Goodwin, C. Benton Dix and Dr. Henry C. McLean. The recruits come from all sections of the city, bu the majority are probably from the First, Seventh, Ninth, Twenty-second, Twenty-third and Twentyfifth wards.

One of the interesting letters received yesterday contained the names of four anti-Bryanites, all in one family, and suggested that the number would have been increased under certain circumstances explained in the letter. The letter reads as

J. S. T. STRANAHAN SOLID FOR GOLD. One of the stanchest gold advocates in the city is J. S. T. Stranahan, although, on account of his age, he is not at all active in politics. Mr. Stranahan was asked yesterday in regard to his ideas of the present campaign, but courteously declined to talk, saying that his health would not permit him to go

into a detailed discussion of affairs. "All that I care to say," said he, "Is that I shall vote the Republican ticket if I am able to get out. I believe most thoroughly in our present financial policy, and see no reason for our system being so radically changed as the silver men would do if they could. That is all I wish to say just now."

NOTES OF THE CAMPAIGN.

The Union Veterans' Patriotic League of Kings County will meet in Decorior Hall, at No. 879 Gatesave., on Thursday evening and hear an address by General Wager Swayne. Senator George W. Brush will preside at the meeting.

The Third Ward Republican Committee will hold

IN THE EASTERN DISTRICT.

O'BRIEN ARRESTED AND HELD ON A CHARGE OF MANSLAUGHTER.

HE SAYS HE STRUCK OLIVER IN SELF-DEFENCE -THE LATTER'S FAMILY DESTITUTE.

Martin O'Brien, of No. 68 Oak-st., the slaughterhouse worker who on Sunday afternoon, it is alleged, struck William Oliver, an iron moulder with his fist at Oak and West sts. the blow resulting in Oilver's death, was arrested at 1 o'clock yes erday morning by Detective Behlen, of the Green point-ave, station, just as he stepped from a ferryseat of the Twenty-third-st. line. O'Brien, striking the blow, excaped, and went to New-York, where he had his mustache shaved off, in order. is alleged, to conceal his identity. He evidently spent the night drinking freely, for he was somewhat intoxicated when arrested, and was return-ing to his home. Detective Behlen expected that O'Brien had gone to New-York and would return to his home some hour in the morning. For that reason he waited at the ferry entrance on the Greenpoint side. When arrested, O'Brien was informed of Oliver's death for the first time, and he expressed little regret. He admitted having hit the man, but said he did so in self-defence.

"Oliver was armed with a long knife," he said, "and he attempted to stab me with it, when I

swung my hand to ward off the blow. When arraigned in the Ewen Street Police Court, Justice Lemon remanded him without ball on a charge of manslaughter. Dr. Valentine made ar autopsy on the body, and found that death has been due to heart failure, superinduced by the blow

been due to heart failure, superinduced by the solver received.

The police say that they have learned that O'Brien, after striking Oliver, kicked him as he feel to the street. The body of Oliver has been re-moved to his home. No. 107 Greenpoint-ave. His wife is prostrated with grief over the tragedy, and the family is left almost destitute. The inquest will be held on Friday night.

TRIED SUICIDE WITH FORK AND KNIFE. SEAMAN SLASHED HIMSELF AT HIS SISTER'S HOUSE AND MAY DIE.

Charles Seaman, twenty-seven years old, who attempted suicide on Sunday morning by cutting his throat with a pocketknife at the home of his sister, Mrs. Lent, at No. 161 Norman-ave., is still in a critical condition in St. Catherine's Hospital. Seaman lived with his parents at No. 198 Manhattan-ave., and was employed by his father, who is a mason On Sunday evening he called at his sister's home where he had his supper. An hour later he seized a fork and tried to plunge the tines into his breast. Seaman then took his pocketknife and jabbed his scalp several times, and then drew the blade across his throat. Mrs. Lent, who witnessed the attempt of her brother to end his life, screamed for help. Several neighbors ran into the apartments and disarmed the would-be suicide. The wounds bled profusely, and when Ambulance Surgeon Keegan rived Seaman was unconscious from loss of blood,

He was quickly removed to the hospital.

Neither Seaman's parents nor his sister were able to explain the reason for his attempt on his life, and it is believed that at the time he was suffering from temporary insanity.

Seaman regained consciousness long enough after he reached the hospital to cry that he had had some trouble in New-York, and feared arrest. His critical condition is due to shock and loss of blood.

HE WILL ROT IN JAIL FIRST. O'REILLY SAYS HE PREFERS THIS RATHER THAN HELP SUPPORT HIS WIFE.

Charles J. O'Reilly, thirty years old, a clerk employed in a wholesale grocery house in New-York, and hving at No. 121 East Forty-fourth-st., was arraigned in the Les Avenue Police Court yesterday on a charge of intextention. When the case was called the prisoner's wife stepped up before the Magistrate's desk and asked that her husband be remanded until she could swear out a warrant against him on a charge of abandonment. O'Reilly, it is alleged, deserted his wife eighteen months ago. and was arrested at the time for abandonment. He refused to contribute toward her support, and was months, and at the expiration of the time Mr. O'Reilly swore out another warrant for him. Be-fere it could be served he had disappeared. Nothing was seen of him again until Sunday night, when he went to the home of his father-in-law, No. 121 North Fourth-st., where his wife is living, and demanded several pieces of the furniture. O'Rellly was inseveral pieces of the furniture. O'Relly was in-toxicated, and Policeman Schaffers, of the Bedford-ave station, who was called in, arrested him. O'Rellly declares that he will "rot in jail" before he will support his wife. He was sent to jail until to-morrow for trial.

SAID TO HAVE THROWN A MAN OVER-BOARD.

In a dispute between Robert O'Nell, twenty-six years old, of No. 290 Union-ave., and John Tobin, of North Twelfth-st., near Bedford-ave., on the South Fifth-st, pier last night over the possession of three cents, O'Nell was, it is alleged, pushed from the pler, and narrowly escaped death. When the tide is out the water is only a few feet deep at this place, and O'Neil, in descending, went head first into the water, and became fast in the mud. James Brown, of No. 50 South Fifth-st., and Thomas Cassidy, of No. 529 Leonard-st., who were at work near by, saw O'Nell go overboard, and managed to extricate him from the mud with difficulty. was unconscious, but recovered after some time and was taken to his home. Tobin, who ron away, was arrested later by a policeman attached to the Bedford-ave, station. He denied having pushed O'Nell into the water, and was locked up on a technical charge of intoxication. O'Nell will appear against him when arraigned in the Lee Avenue Police Court to-day.

GATHERED ABOUT THE TOWN.

Health Commissioner Emery sent out a yesterday morning announcing that the National Sanitary Association will hold its second annual convention in Brooklyn on October 13, 14 and 15 next, at the rooms of the Medical Society of Kings County, No. 356 Bridge-st. The organization is composed of most of the prominent sunitarians throughout the country, and delegates representing the various districts will be here from nearly every State in the Union. The details of the convention will be announced shortly.

Patrick Sullivan, a farmer, of Flatbush, was arrested yesterday morning by Patrolman Murphy in Ocean-ave, for driving on the street-car tracks. His wheels made so much noise in connection with the tracks that they could be heard for nearly a mile, much to the discomfiture of people who desired to sleep. Yesterday morning Judge Steers fined the farmer \$10, and after paying his fine Sullivan mounted his wagon and started downtown, somewhat late for market.

The Brooklyn Heights Railroad is desirous of starting a home for superannuated horses. PROSPEROUS CITY FARMS.

SUCCESSFUL SEASON OF THE "POTATO-PATCH" EXPERIMENT.

A SUGGESTION THAT THE CHARITIES DEPART-MENT GET SOME RETURN FOR THE MONEY

ARE COMING ON.

The experiment of giving out plots of land for farming purposes to poor and unemployed working people at East New-York has been successful, so far as demonstrating the fact that such farming could be made to pay a fair return for the labor and care devoted to the work.

The idea was first started by Mayor Pingree Detroit, Mich., two years ago, and last year the subject was taken up here. The Association for Improving the Condition of the Poor of New-York took up a lot of land at Astoria for a similar pur pose. In May, 1895, Mayor Charles A. Schleren, J. Erreger, G. B. Safford, H. F. Gunnison, Frederick A. Bartlett, George C. Brackett, James Mc-Mahon, A. D. Wheelock, Albert A. Day, Colonel Willis L. Ogden, E. F. Linton, Justice Charles Nacher, Colonel A. D. Baird, Alcero J. Newton, Williamson Rapelye and Major P. H. McNulty were formed into a committee to take charge of the work in this city.

The German-American Improvement Company gave the use of a part of its large tract of unoccupied land, bounded by Pennsylvania and Van Sielen \$1,200 was subscribed to carry out the idea.

The superintendence of the work was placed in the hands of Charles Magee, a farmer on the New-Lots Road, who ploughed the land, distributed the vessels and implements and aided the farmers with advice. The land was divided into plots of 25x200 feet, and thirty-one of them were taken up. Two of the farmers got jobs and gave up their farms, but the others stuck to their little sections and raised fairly good crops of potatoes, beans, peas, tomatoes, corn, carrots, beets, parsnips and other vegetables.

This year there were thirty-four applicants for plots, most of which were well worked and proseed and implements and aided the farmers with

plots, most of which were well worked and produced good crops, especially of potatoes. A couple gave up their plots this year also, and some grew cold in their attention as the novelty of the pursuit were away. A Tribune reporter visited the "farms" yesterday

to mark the result of the second year's experiment Many of the plots bore luxuriant patches of beans. tomatoes, turnips, carrots, parsnips and sweet corn. This latter proved too much of a temptation for the small boys of the Twenty-sixth Ward, and the corn patches were robbed several times. The pota toes have been all raised and stored away, but the pearing to the best advantage. The cabbages had suffered badly from the ravages of the caterpillars, and the turnips in many cases showed a tendency to run to leaves without a corresponding the fact that turnips had been sown in the same ground the previous year, in spite of the warnings of Mr. Magee that a rotation of crops was needed

Many of the farmers were at work on the crops yesterday, some of them accompanied by their children, and nearly all the plots were kept clean

children, and nearly all the plots were kept clean and free from weeds, not an easy task considering that all the untilled blocks are covered with great masses of burrs, goldenrod, docks, charlock and couch grass, enough weeds to poison thousands of acres of farm land.

Speaking of the experiment, Mr. Magee said:

"There is no reason why these farms should not succeed, but the Bureau of Charlies could make something out of them as well. It is my opinion that a better way would be to employ the poor people and pay them for the time given on the land. They get other Jobs now and then and drift away from the crops. Some are enthusiastic at first and then get tired and neglect their plots. Others come from a long distance, some from Gowanus even, as they out twelve barrels of potatoes from their plots, this crop did best, but hearily all the crops did well—in fact, nearly as well as my own. The farmers got all the seed, compost and implements they required free of cost. The Bureau gets nothing this year and it could get a return under the other plan. The trouble here is that the land is too far away, but it could be successfully tried nearer the heart of the city, in the flats around Greenwood, for example. We had only live farmers out of the Twenty-sixth Ward; the Italians were the most eager for the land and we had a good many applicants from Williamsburg. Last year the committee planted five acres of potatoes and two and a half acres of turnips which did well, but this year it was unable to obtain any land for seeding purposes."

Same property, foreclose; William J Buttling to Henry G Goodwin, mortgage \$27,000 TALKING ABOUT THE WATER SUPPLY. Mayor Wurster, in referring to the statement of Commissioner Willis, made before the Aldermen last week to the effect that the subject of increasing the water supply was to be canvassed thoroughly, sald that it was only a question of a few years when the city will be obliged to seek new sources of supply. The possibilities of an additional supply from Long Island are now, so the Mayor said, in the hands of the City Works Commissioner. Mayor Wurster

further said:

If my memory serves me well our consumption of water increases yearly at about the rate of \$,000,000 gailons a day. We have now a contract with Edwards, Monahan, Edwards & Miller for an addition to our supply which will raise it from \$1,000,000 to 114,000,000 gailons. The additional water is to come from driven wells in the neighborhood of Massapequat. It may be that these wells will bring the supply up to 120,000,000 gailons. We can't tell yet. But, of course, even at that it is a question of a comparatively short time when additional sources of supply must be sought. I presume that we might get more water by advertising for bids for an additional supply. It may be that we shall be obliged to go outside of Long Island altogether. Of course, in such an event the undertaking of constructing a plant would be a work of years, so that the necessity of early action is apparent.

A Thoughtful Girl.—"No wonder the pleasures of courting have declined," said the stout youth. "Just look at the filmsiness of these modern chaira."
And he pointed to a slender affair of white bamboo, touched with gilt.
"You mustn't judge by appearances," said the stout girl, softly, "I've had that chair thoroughly braced with the very best of steel rods, and it is now guaranteed to stand a pressure of sixty pounds to the square inch."
Then they both sat down in it as a final test,—

REWARD FOR AN INCENDIARY. A reward of \$250 has been offered by the National Board of Fire Underwriters for the arrest of the person who set fire to the building of Charles Frevort, in Freeport, in which Charles Cotte lived, on August 29. That the fire was of incendiary origin the Millburn authorities do not doubt.

THE FIGHT FOR A ROSLYN CHURCH. An entrance was forced by the colored people to the Free Church at Roslyn on Sunday, and services were held in it. The church had been locked by Constable John Cocks, he alleging ownership. The church was originally owned by Cocke's uncle, but he gave it to the church people with the understanding that servces should be regularly carried on there. The con stable says that the services have been tregularly conducted and that the church should revert to the estate of his uncle, of which he is an her. He says he will go to court to legally obtain possession of the

MAY BE A CLAM WAR AT GLEN COVE. The baymen of Glen Cove and Leonard Jacobs, of New-York, who has a summer home at East Island, are at odds over the digging of clams. The baymen have been planting clams for years under waters about the island and now Mr. Jacob objects waters about the Island and now Mr. Jacob objects. He says the baymen have no right to do so and that if it is necessary be will go to court to compel them to stop. The Island is connected with West Island, owned by Charles A. Dana, by a bridge. The baymen were prevented from planting clams there, and it is said that they will fight the efforts of Mr. Jacobs to stop them, saying that they would be deprived of a means of livelihood.

ALLEGED BURGLAR ARRESTED.

Constable Thomas Hickman yesterday caused the arrest of Thomas Brennan on suspicion of being the burglar who twice on Friday night tried to rob the house of Merrill Squires in Whitestone. The Squires family is in the country. Brennan had a hearing yes terday, and in default of \$1,609 was committed to the town hall in Flushing to await an examination to day. He denies that it was he who tried to commit the burglary.

TO HOLD AN ALL-DAY CONFERENCE

An all-day conference on the Holy Spirit will be 10,000 held to-day in the Union Evangelical Church, Corona, The services will begin at 7 o'clock a. m. and continue until 7 p. m. The Rev. Arthur Smith will conduct the meeting. He will be assisted by the Rev. Messrs. Hendrickson, McCready and Henderson.

> DEATH OF ROBERT SOUTHGATE BOWNE. Robert Southgate Bowne, one of the oldest and wealthiest residents of Flushing, died at his summer home in Easthampton on Sunday at the agof fifty-seven years. His death was sudden, and is believed to have been caused by apoplexy. Mr. Bowne was a lifelong resident of Flushing, and was closely identified with public and social affairs in the town. For two terms he was a trus-tee of the village of Flushing, and at one time tee of the village of Flushing, and at one time was president of the Niantic Boat Club. He was a lineal descendant of John Bowne, an original patentee of the town of Flushing. The latter went to Flushing prior to 1661, and erected the old Bowne mansion, which is still standing. In this building George Fox held Quaker meetings, and he was exiled to Holland for professing that religion in 1663. Mr. Rewne leaves two daughters, Mrs. Eliza Cook and Mrs. J. Frazler, of Flushing, and two sons, Frank D. Bowne, of Bayside, and Walter Bowne, of Long Island City.
